

Call For
The D'Alembert Award for Multibody System Dynamics
and
The Lyapunov Award for Nonlinear Dynamics

The *Technical Committee on Multibody Systems and Nonlinear Dynamics* (MSND-TC) of the ASME Design Engineering Division solicits nominations for the *D'Alembert Award* and the *Lyapunov Award*. These awards will be presented at the *7th ASME International Conference on Multibody Systems, Nonlinear Dynamics and Control*, as part of the *ASME 2009 International Design Engineering Technical Conferences* to be held in San Diego, California, August 30 – September 2, 2009.

The **D'ALEMBERT AWARD** is established to recognize lifelong contributions to the field of multibody system dynamics.

The **LYAPUNOV AWARD** is established to recognize lifelong contributions to the field of nonlinear dynamics.

Selection Criteria and Nomination Materials: These awards recognize lifelong impact of research contributions, education and training of researchers and/or practitioners, and overall leadership in advancing the field. Nominations should include 1) a nomination letter describing the field of, and the impact of the nominee, 2) a curriculum vitae, and 3) up to five letters of support. All nomination materials must be submitted in electronic (pdf) format.

Submission Instructions: Submit nomination materials before

August 1, 2008

to the Chair of the Awards Subcommittee.

Professor Olivier A. Bauchau
